

“TAITA HILLS”

Lumo Conservancy -Tsavo East

3 days /2 nights

" Taita Hills "

LUMO WILDLIFE CONSERVANCY

Lions Bluff's Lodge overlooks Lumo Community Wildlife Conservancy and its neighbour, Taita Hills Wildlife Conservancy. The privately owned 110 sq km Taita Hills Wildlife Conservancy is an abandoned sisal plantation, which failed nearly four decades ago.

Comprising savannah plains, a man-made reservoir and a riverine forest that follows the course of the Bura River, this unfenced wilderness has since found new life as a game reserve offering an abundance of zebra, buffalo, impala, gazelle, elephant, eland, waterbuck, reedbuck, giraffe, vervet monkey, lion, jackal and prolific birdlife.

Good relations with this Conservancy means that our guests have the freedom to game drive within the Conservancy broadening the terrain and chances of seeing yet more african wildlife.

Lumo Community Wildlife Conservancy's west is bordered by the southern most part of Tsavo West park in which is situated Lake Jipe.

TSAVO EAST NATIONAL PARK

“Theatre of the Wild”

Tsavo East National Park is one of the oldest and largest parks in Kenya at 13,747 square kilometres. Situated in a semi-arid area previously known as the Taru Desert it opened in April 1948, and is located near the town of Voi in the Taita-Taveta County of the former Coast Province.

The park is divided into east and west sections by the A109 road and a railway. Named for the Tsavo River, which flows west to east through the national park, it borders the Chyulu Hills National Park,

The sight of dust-red elephant wallowing, rolling and spraying each other with the midnight blue waters of palm-shaded Galana River is one of the most evocative images in Africa. This, along with the 300 kilometres long Yatta Plateau, the longest lava flow in the world, make for an adventure unlike any other in the Tsavo East.

The park forms the largest protected area in Kenya and is home to most of the larger mammals, vast herds of dust-red elephant, Rhino, buffalo, lion, leopard, pods of hippo, crocodile, waterbucks, lesser Kudu, gerenuk and the prolific bird life features 500 recorded species.
